SUBJECT: Conference Call on Case Management for IDOC Clients

Please join us for a conference call with Dean Allen, BPA, and Jim Meldrum, IDOC, on Wednesday March 25, 2015 at 12:30 p.m. to 1:30 p.m. MST to discuss case management services for IDOC clients. Effective case management utilizes advocacy, coordination, navigation, engagement and continued services after treatment is completed. As part of the Justice Reinvestment Act, to keep non-violent offenders from recidivating, case management becomes even more important. The conference call will provide an opportunity to answer questions you may have regarding the use of case management, particularly for those clients released from incarceration. We hope to encourage and clarify case management's purposes and strengths in our SUD system of care.
